## How does an International Citizens' Debate work?

~ 100 participants are invited to join the debate in each partner city.

Videos and information material for each sequence

Groups of 5-6 people around each table, facilitator helps

data and participant insights are collected

## Selected Results

How do you feel about the idea of driverless mobility? (AUSTRIA)

# How do you feel about the idea of driverless mobility?

USA, CANADA

EUROPE

Singapore

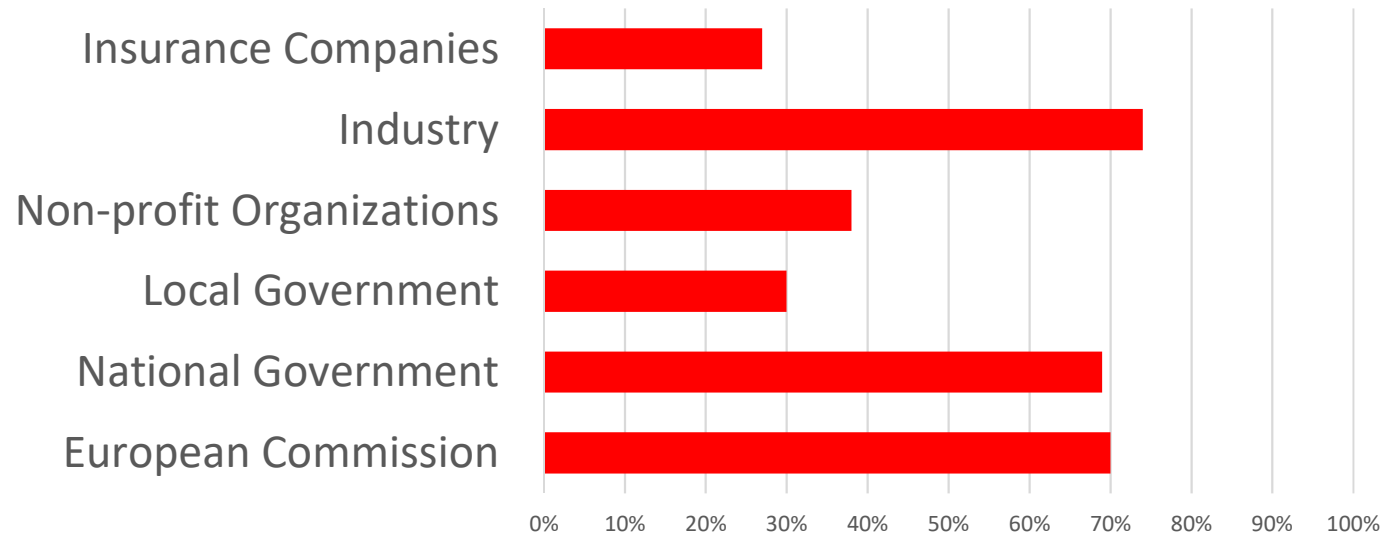

# Automated Driving in one Word

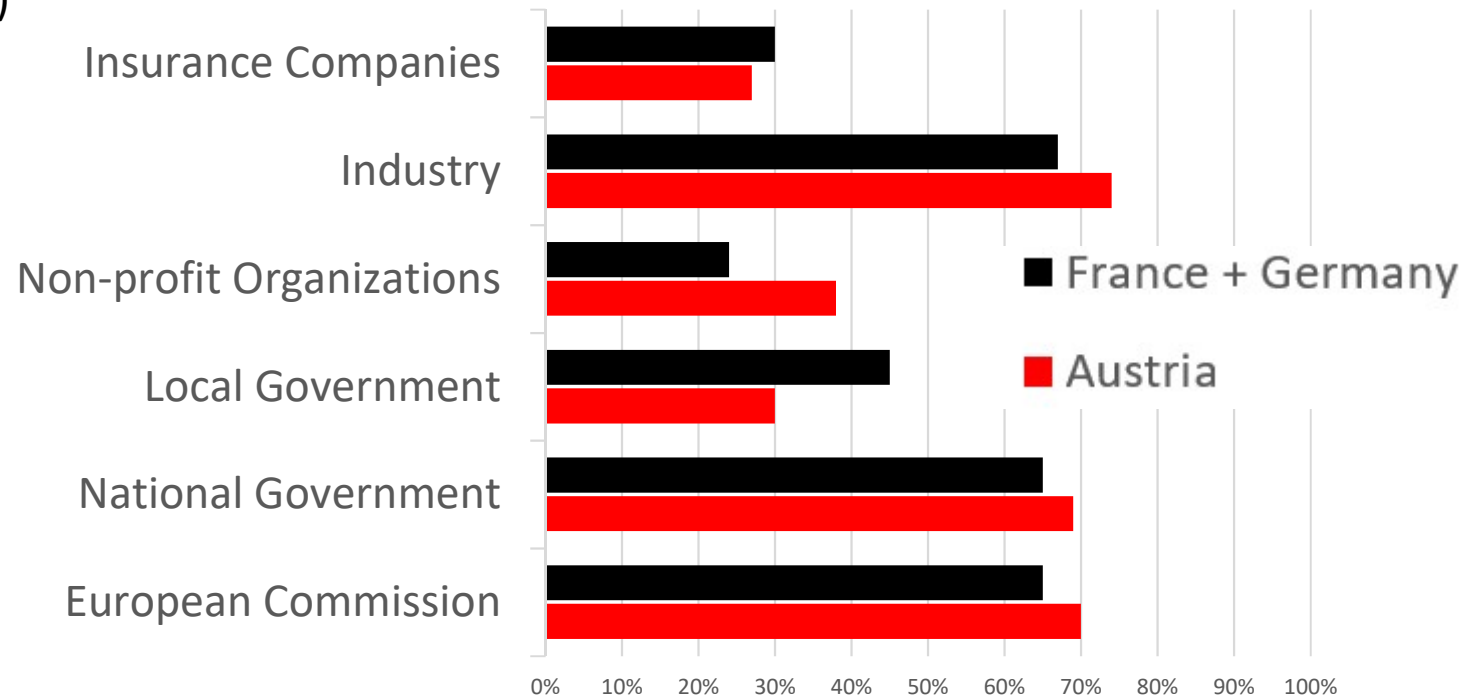

# Which stakeholder are (very) effective?

(concerning Safety)

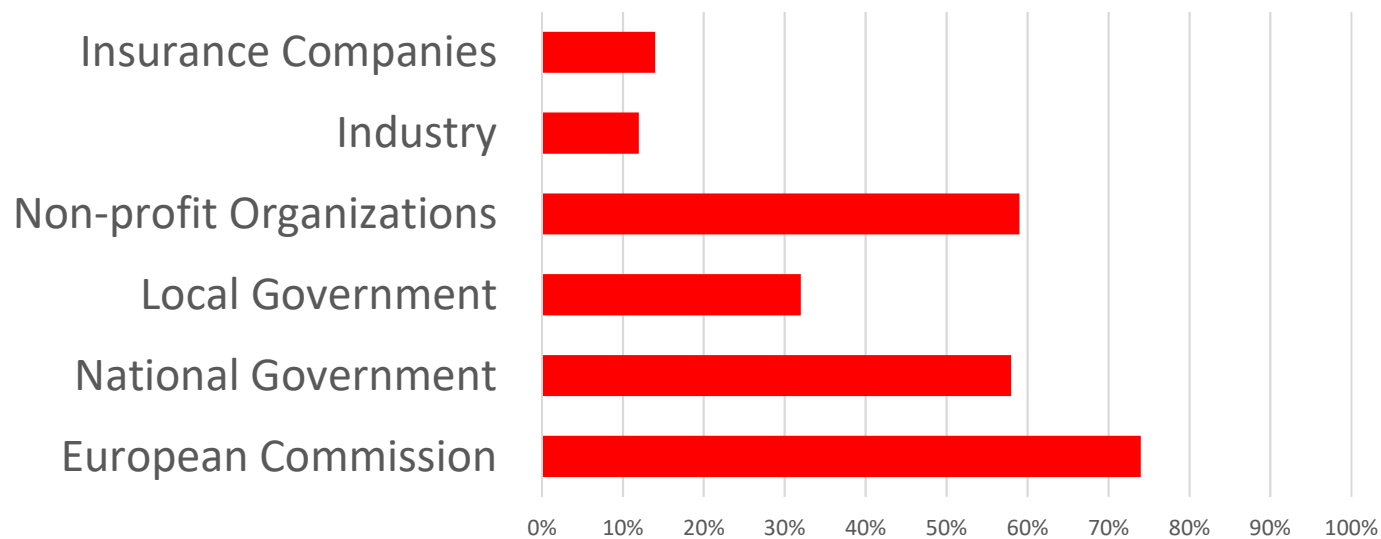

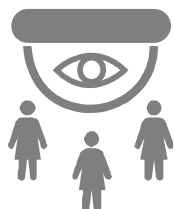

# Which stakeholder are (very) effective?

(concerning Safety)

# Whom do we trust?

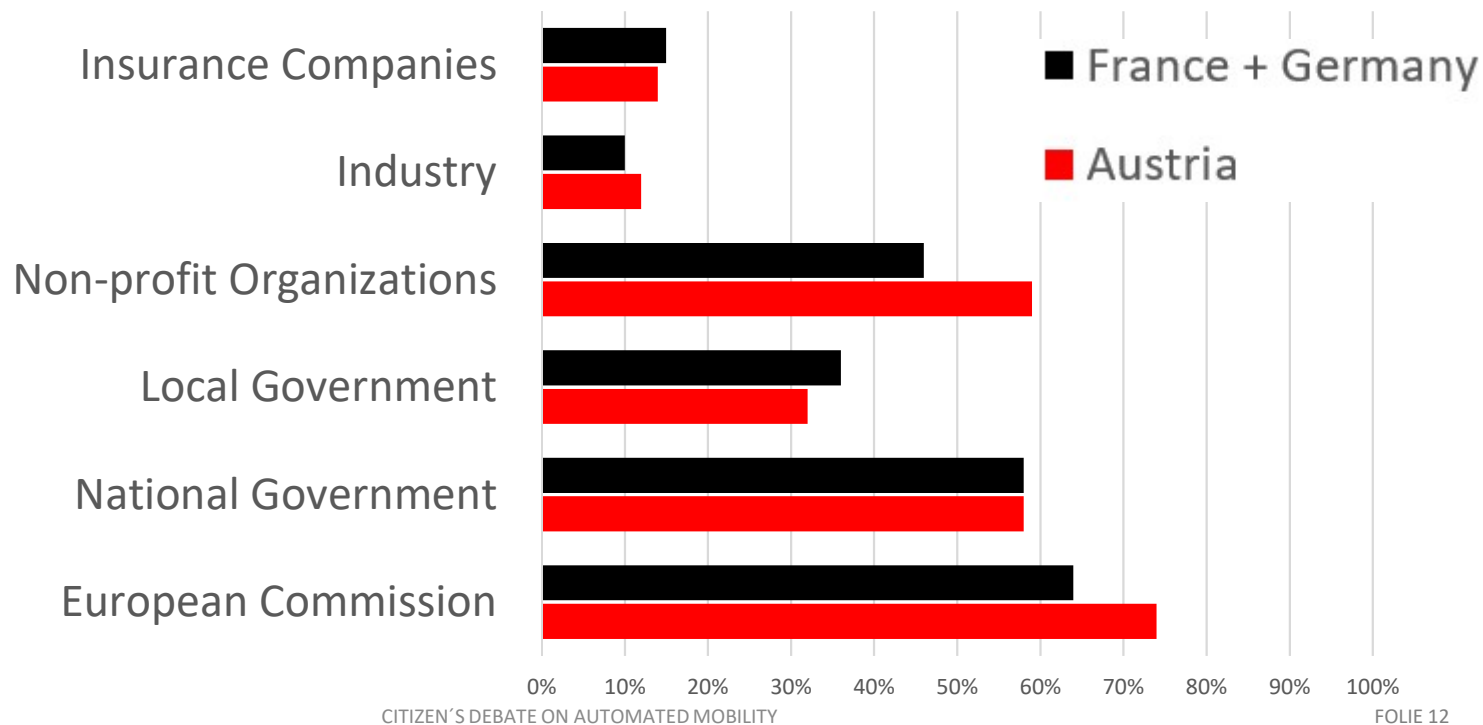

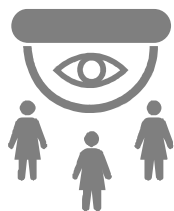

(concerning Privacy protection)

# Whom do we trust?

(concerning Privacy protection)

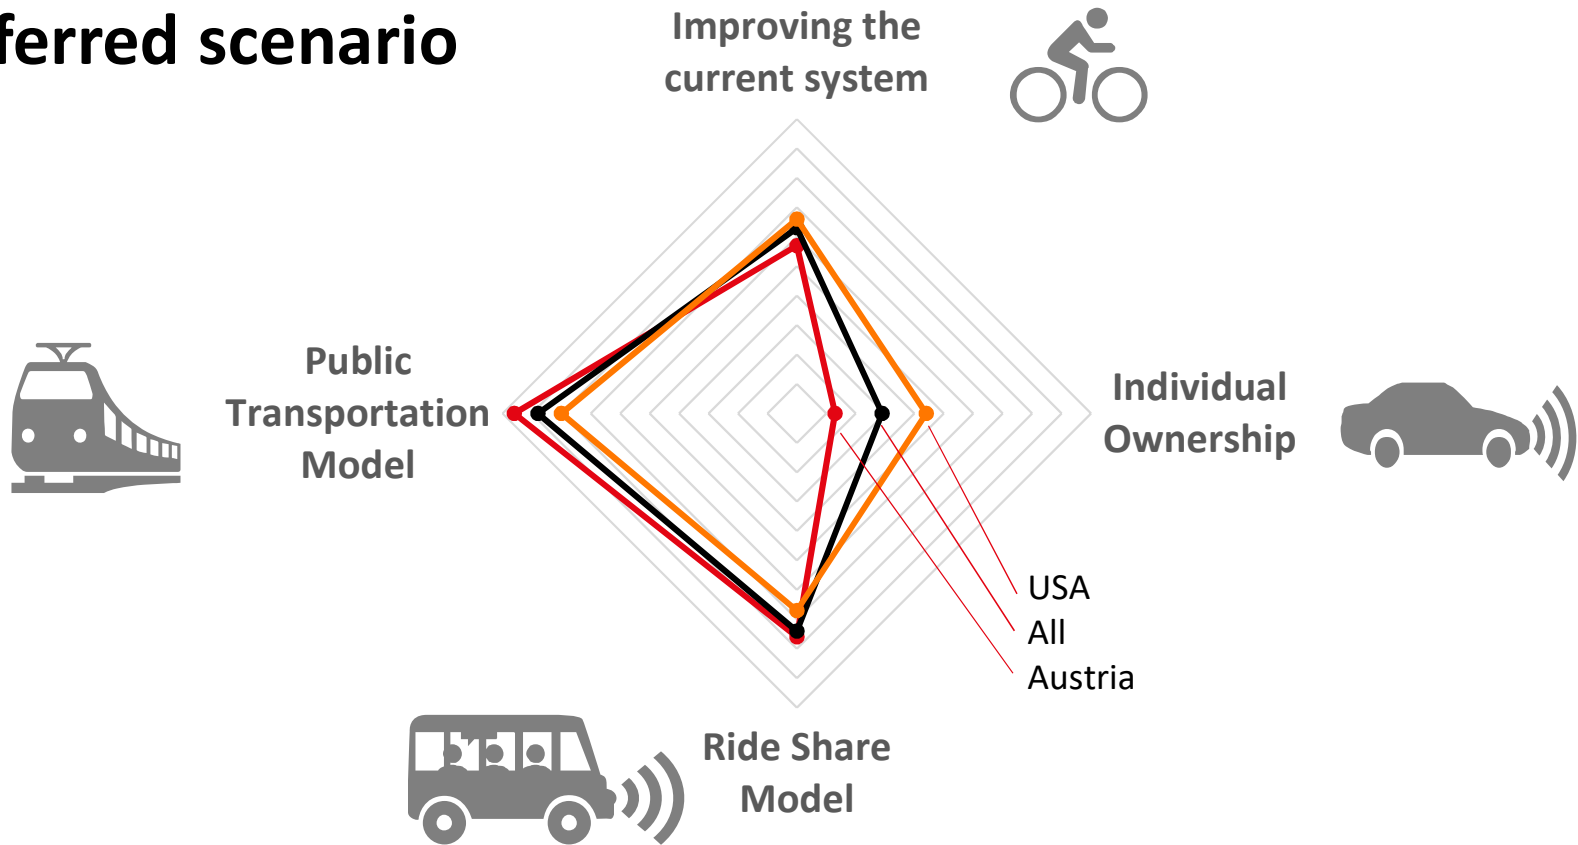

# Preferred scenario

Improving the  
current system

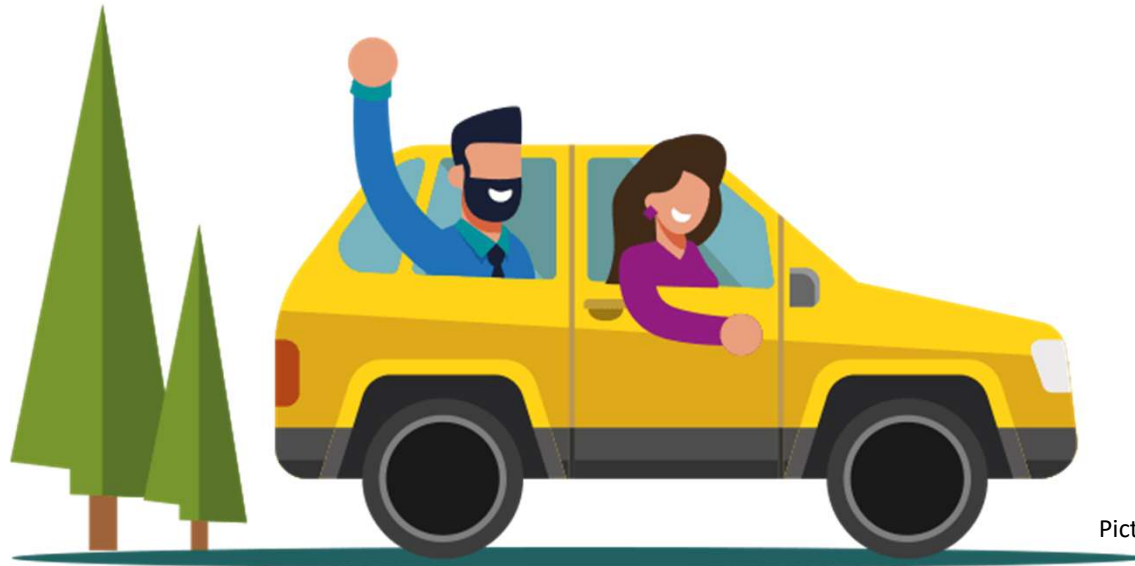

# Preferred scenario

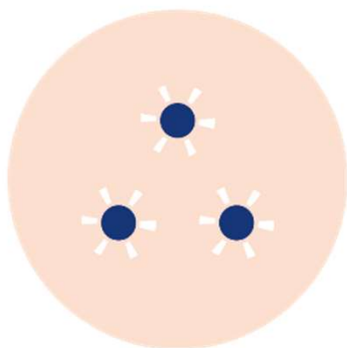

## Safety, Carsharing, Ridesharing

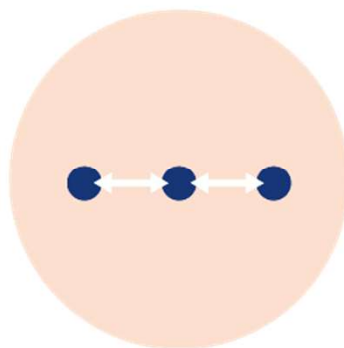

We don't have to wait for automated driving

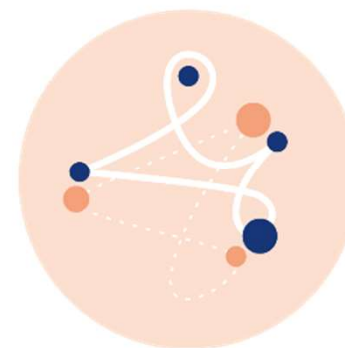

## THREE SCENARIOS: KEY FACTOR POLITICAL ATTITUDE

**MARKET-DRIVEN  
APPROACH**

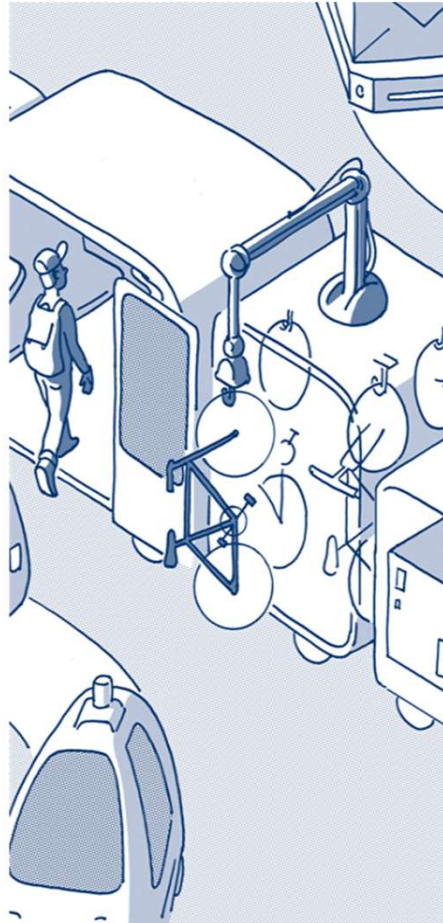

**POLICY-DRIVEN  
APPROACH**

**COMMUNITY-  
DRIVEN  
APPROACH**

# SCENARIOS: AS A COMMUNICATIVE ELEMENT
